- The GPA for TOPS is calculated using only TOPS Core classes.
- Use your transcript to list grades for your TOPS classes.
- The grade for a course can only be used once.
- If you have earned more credits than what is required, use the courses with the highest final average when possible.
- For a course in which honors credit was awarded use the following values: (Not for English Elective H)
A = 4, B = 3.2, C = 2.4, D = 1 and F = 0
- To average 2 classes into 1 final grade (Alg. 1 Parts 1 & 2 OR Ag 1 & 2):
Add the 2 final averages and divide by 2.

Example: Alg. 1 Pt 1 Final Grade = A Alg. 1 Pt 2 Final Grade = B
Under "Final Letter Grade" record A/B.
Under "Quality Points Earned" record 3.5 (4 + 3 = 7 ÷ 2 = 3.5)
